

DENTAL PROCEDURES

FELINE DENTAL PROCEDURES

Dental Grade	Age	General Anaesthetic Risk 1	General Anaesthetic Risk 2
 GRADE 1	0 - 4 yrs	Grade 1 Dental Procedure inclusive of dental x-rays (\$400) & optional PAP (\$120) = \$400 - \$520	Grade 1 Dental Procedure inclusive of dental x-rays (\$400) & compulsory WP (\$297.80) = \$697.80
	5 - 6 yrs	Grade 1 Dental Procedure inclusive of dental x-rays (\$400) & optional PAP & SDMA (\$165) = \$400 - \$565	Grade 1 Dental Procedure inclusive of dental x-rays (\$400) & compulsory WP & SDMA (\$342.80) = \$742.80
	7 + yrs	Grade 1 Dental Procedure inclusive of dental x-rays (\$400) & compulsory WP & SDMA (\$342.80) = \$742.80	
<i>*Inclusive of general anaesthetic, dental radio-graphs (x-rays) and scale and polish.</i> <i>*Some plaque and tartar deposits, largely confined to surface of teeth.</i> <i>*Mild gingivitis (red gums) and minor gum pockets (less than 2mm deep).</i> <i>*Short procedure, not very invasive, damage is entirely reversible at Grade 1.</i>			

 GRADE 1 - 2	0 - 4 yrs	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$400 - \$619) & compulsory PAP (\$120) = \$520 - \$739	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$400 - \$619) & compulsory WP (\$297.80) = \$697.80 - \$916.80
	5 -6 yrs	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$400 - \$619) & compulsory PAP & SDMA (\$165) = \$565 - \$784	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$400 - \$619) & compulsory WP & SDMA (\$342.80) = \$742.80 - \$961.80
	7 + yrs	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$400 - \$619) & compulsory WP & SDMA (\$342.80) = \$742.80 - \$961.80	
<i>The grade 1-2 dental prices are given when at a physical examination the vet is unable to fully determine between the 2 grades. The price range is given so the client is prepared for either possibility.</i>			

 GRADE 2	0 - 4 yrs	Grade 2 Dental Procedure inclusive of dental x-rays (\$619) & compulsory PAP (\$120) = \$739	Grade 2 Dental Procedure inclusive of dental x-rays (\$619) & compulsory WP (\$297.80) = \$916.80
	5 – 6 yrs	Grade 2 Dental Procedure inclusive of dental x-rays (\$619) & compulsory PAP & SDMA (\$165) = \$784	Grade 2 Dental Procedure inclusive of dental x-rays (\$619) & compulsory WP & SDMA (\$342.80) = \$961.80
	7 + yrs	Grade 2 Dental Procedure inclusive of dental x-rays (\$619) & compulsory WP & SDMA (\$342.80) = \$961.80	
<i>*Inclusive of general anaesthetic, dental radio-graphs (x-rays) and scale and polish.</i> <i>*More significant plaque and tartar deposits than Grade 1, on roots as well as teeth surface.</i> <i>*Requires more scaling above and below the gum line and longer polishing.</i> <i>*Some gingivitis (red and inflamed gums) and larger gum pockets (2-4mm deep).</i>			

*Still fairly short procedure, not very invasive and mostly reversible damage.

FELINE DENTAL PROCEDURES

Dental Grade	Age	General Anaesthetic Risk 1	General Anaesthetic Risk 2
--------------	-----	----------------------------	----------------------------

 GRADE 2 - 3	Grade 2 - 3 Dental procedures are distinguished in a treatment plan as there is more need to explain the difference between the grades to a client. In a treatment plan, these are listed as a Grade 2 OR a Grade 3 (not a Grade 2 - 3). This gives the client a clearer picture of the extent of their pets dental disease.		
--	---	--	--

 GRADE 3	0 - 4 yrs	Grade 3 Dental Procedure inclusive of dental x-rays (\$1133 - \$1598) & compulsory PAP (\$120) = \$1253 - \$1718	Grade 3 Dental Procedure inclusive of dental x-rays (\$1133 - \$1598) & compulsory WP (\$295.50) = \$1428.50 - \$1893.50
	5 + yrs	Grade 3 Dental Procedure inclusive of dental x-rays (\$1133 - \$1598) & compulsory PAP & SDMA (\$165) = \$1300 - \$1763	Grade 3 Dental Procedure inclusive of dental x-rays (\$1133 - \$1598) & compulsory WP & SDMA (\$340.50) = \$1473.50 - \$1938.50

*Inclusive of general anaesthetic, dental radio-graphs (x-rays), extractions, scale and polish, pain relief and antibiotics.

*Serious plaque and tartar deposits on roots as well as teeth. Requires cracking off with dental forceps.

*Gums are red, inflamed and ulcerated and gum pockets are deeper (4-8mm). Abscesses are likely.

*Oral bacteria enters blood stream via ulcerated gums. Immune system doesn't handle this well.

*Damage is treatable, but largely irreversible.

*Procedure is longer and more invasive than Grade 1 or 2, but not as invasive as Grade 4.

 GRADE 3 - 4	0 - 4 yrs	Grade 3 - 4 Dental Procedure inclusive of dental x-rays (\$1133 - \$2421) & compulsory WP (\$295.50) = \$1428.50 - \$2716.50
	5 + yrs	Grade 3 - 4 Dental Procedure inclusive of dental x-rays (\$1133 - \$2421) & compulsory WP & SDMA (\$340.50) = \$1473.50 - \$2761.50

The grade 3-4 dental prices are given when at a physical examination the vet is unable to fully determine between the 2 grades. The price range is given so the client is prepared for either possibility. Full determination of dental disease is done while under anaesthetic and after dental x-rays are completed.

 GRADE 4	0 - 4 yrs	Grade 4 Dental Procedure inclusive of dental x-rays (\$1747 - \$2421) & Compulsory WP (\$295.50) = \$2042.50 - \$2716.50
	5 + yrs	Grade 4 Dental Procedure inclusive of dental x-rays (\$1747 - \$2421) & Compulsory WP & SDMA (\$340.50) = \$2087.50 - \$2761.50

*Inclusive of general anaesthetic, dental radio-graphs (x-rays), extractions, scale and polish, pain relief and antibiotics.

*Extensive plaque & tartar deposits on roots as well as teeth - needs cracking off with dental forceps.

*Gums are very red, inflamed and ulcerated, gum pockets are very deep (8mm or more). Introduces oral bacteria to blood stream.

*Pets overall health is seriously compromised and can result in premature death if left untreated. Immune system struggles to cope.

*Lengthy and invasive procedure. Extensive scaling/polishing above/below gum line. Longer polishing. Extractions (3 major, 3 minor).

*Food restrictions to help pet recover as well as pain relief and antibiotics as well.

CANINE DENTAL PROCEDURES

Dental Grade	Age	General Anaesthetic Risk 1	General Anaesthetic Risk 2
 GRADE 1	0 - 4 yrs	Grade 1 Dental Procedure \$349.00 optional dental x-rays (\$150) optional PAP (\$120) = \$349 - \$619	Grade 1 Dental Procedure \$349 optional dental x-rays (\$150) compulsory WP (\$297.80) \$646.80 - \$796.80
	5 - 6 yrs	Grade 1 Dental Procedure \$349.00 optional dental x-rays (\$150) optional PAP & SDMA (\$165) = \$349 - \$664	Grade 1 Dental Procedure \$349.00 optional dental x-rays (\$150) compulsory WP & SDMA (\$342.80) = \$691.80 - \$841.80
	7 + yrs	Grade 1 Dental Procedure \$349.00 optional dental x-rays (\$150) compulsory WP & SDMA (\$342.80) = \$691.80 - \$841.80	
<i>*Inclusive of general anaesthetic, dental radio-graphs (x-rays) and scale and polish.</i> <i>*Some plaque and tartar deposits, largely confined to surface of teeth.</i> <i>*Mild gingivitis (red gums) and minor gum pockets (less than 2mm deep).</i> <i>*Short procedure, not very invasive, damage is entirely reversible at Grade 1.</i>			

 GRADE 1 - 2	0 - 4 yrs	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$499 - \$649) compulsory PAP (\$120) = \$619 - \$769	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$499 - \$649) compulsory WP (\$297.80) = \$796.80 - \$946.80
	5 - 6 yrs	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$499 - \$649) compulsory PAP & SDMA (\$165) = \$664 - \$814	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$499 - \$649) compulsory WP & SDMA (\$342.80) = \$841.80 - \$991.80
	7 + yrs	Grade 1 - 2 Dental Procedure inclusive of dental x-rays (\$499 - \$649) compulsory WP & SDMA (\$342.80) = \$841.80 - \$991.80	
<i>*The grade 1-2 dental prices are given when at a physical examination the vet is unable to fully determine between the 2 grades. The price range is given so the client is prepared for either possibility.</i>			

 GRADE 2	0 - 4 yrs	Grade 2 Dental Procedure inclusive of dental x-rays (\$649) compulsory PAP (\$120) = \$769	Grade 2 Dental Procedure inclusive of dental x-rays (\$649) compulsory WP (\$297.80) = \$946.80
	5 - 6 yrs	Grade 2 Dental Procedure inclusive of dental x-rays (\$649) compulsory PAP & SDMA (\$165) = \$814	Grade 2 Dental Procedure inclusive of dental x-rays (\$649) compulsory WP & SDMA (\$342.80) = \$991.80
	7 + yrs	Grade 2 Dental Procedure inclusive of dental x-rays (\$649) compulsory WP & SDMA (\$342.80) = \$991.80	

**Inclusive of general anaesthetic, dental radio-graphs (x-rays) and scale and polish.*

*More significant plaque and tartar deposits than Grade 1, on roots as well as teeth surface.

*Requires more scaling above and below the gum line and longer polishing.

*Some gingivitis (red and inflamed gums) and larger gum pockets (2-4mm deep).

*Still fairly short procedure, not very invasive and mostly reversible damage.
