Please note:

- To receive tier two rebates, you must first meet the tier one requirements. Tier 2 rebate amounts accumulate regardless, once a clinic qualifies in Tier 1.
- If you are on your own agreement direct with Apex or receive free stock this will take precedence over the UVG rebate.

HOW TO ACCESS	Automatic if you signed a wholesaler agreement form when you joined UVG. This will ensure Apex can add you to their rebate payment schedule otherwise contact your local Apex rep.
REBATES	Rebates are paid to members at the end of each quarter.
